

AP[®] Studio Art

PORTFOLIO REQUIREMENTS

2017 – 18

AP Studio Art

As an AP® Studio Art student, you'll emphasize research, experimentation, discovery, inventive thinking and artmaking, and problem solving in your work.

The AP Studio Art Program has three different courses and portfolio exams: **2-D Design**, **Drawing**, and **3-D Design**. Whichever one(s) you choose, your goal will be to create a portfolio of college-level work and submit it for evaluation. A qualifying portfolio score can earn you college credit and/or advanced placement.

In the spring, you'll upload digital images of your work and commentary online. If you submit a Drawing or 2-D Design portfolio, you'll also send in actual artworks.

Each portfolio has three sections: Selected Works (Quality), Sustained Investigation (Concentration), and Range of Approaches (Breadth).

	Section I: Selected Works (Quality) One-third of total score	Section II: Sustained Investigation (Concentration) One-third of total score	Section III: Range of Approaches (Breadth) One-third of total score
2-D Design Portfolio 	5 actual works Works demonstrating understanding of two-dimensional design in concept, composition, and execution	12 digital images: some may be details or process images Works demonstrating in-depth exploration of a particular 2-D design concern	12 digital images: 1 image each of 12 different works A variety of works demonstrating understanding of 2-D design
Drawing Portfolio 	5 actual works Works demonstrating understanding of drawing in concept, composition, and execution	12 digital images: some may be details or process images Works demonstrating in-depth exploration of a particular drawing concern	12 digital images: 1 image each of 12 different works A variety of works demonstrating understanding of drawing
3-D Design Portfolio 	10 digital images, consisting of 2 views each of 5 works Works demonstrating understanding of three-dimensional design in concept, composition, and execution	12 digital images: some may be details second views, or process images Works demonstrating in-depth exploration of a particular 3-D design concern	16 digital images: 2 views each of 8 different works A variety of works demonstrating understanding of 3-D design

General Guidelines

- Follow the instructions for your portfolio type.
- Your portfolio may include work you've done during this school year or previously, in class or out of class.
- All work in your portfolio must be work created only by you; collaborative works or group projects may not be submitted.
- Submit digital images for the sections that require them. Actual work sent for these sections won't be evaluated.
- Each portfolio exam must be unique; do not submit the same work (or details of the work) in more than one portfolio exam.
- Label all images, including dimensions and media.
(If you want to include a title or other text, add it after the media.)

IMPORTANT: It's unethical, constitutes plagiarism, and often violates copyright law to simply copy a work of art (even in another medium) that was made by someone else and represent it as your own.

The College Board reserves the right to decline to score an AP Studio Art Portfolio Exam or cancel an AP Studio Art Portfolio Exam score when the following misconduct occurs: copying from another student's or any other artist's work.

May 11, 2018 is the last day for your AP coordinator to submit your digital portfolio sections to AP, but you should submit your digital portfolio to your teacher well in advance of this date. If you submit a 2-D Design or Drawing portfolio, you'll also meet with your AP teacher or AP coordinator on or before May 11 to assemble the Selected Works (Quality) section.

For more information about AP Studio Art, talk to your teacher or AP coordinator, or visit collegeboard.org/apstudents.

AP Studio Art Digital Submission:

You, your AP Studio Art teacher, and your AP coordinator will all be involved in the process of uploading and submitting your digital portfolio components to the AP Program in the spring. For additional information, including a step-by-step student demo and overview of accessing and using the site, go to collegeboard.org/student/studioartdigital.

Demos for teachers and coordinators are available at apstudiodemo.collegeboard.org.

Portfolio Introductions

2-D Design samples

Find links to samples of student work in the 2-D Design portfolio on AP Central® at apcentral.collegeboard.org/studio2D.

Drawing samples

Find links to samples of student work in the Drawing portfolio on AP Central® at apcentral.collegeboard.org/studiodrawing.

2-D Design Portfolio

- There's no preferred or unacceptable content or style.
- Use design elements and principles to support ideas in an integrative way.
- Demonstrate your understanding of design principles as applied to a two-dimensional surface, whether physical or virtual.
- Articulate the principles of design (unity/variety, balance, emphasis, contrast, rhythm, repetition, proportion/scale, and figure/ground relationship) through the visual elements (line, shape, color, value, texture, and space).
- Submit work in any two-dimensional process or medium, including, but not limited to: graphic design, digital imaging, photography, collage, fabric design, weaving, fashion design, illustration, painting, printmaking, etc. Video clips, DVDs, CDs, and three-dimensional works should not be submitted. However, still images from videos or films are accepted.

Drawing Portfolio

- There's no preferred or unacceptable content or style.
- Consider line quality, light and shade, rendering of form, composition, surface manipulation, the illusion of depth, mark-making, and the relationship of ideas, materials, and processes.
- Abstract, observational, and nonobjective works may be submitted.
- Think about the range of marks used to make drawings, the arrangement of the marks, and the materials used to make the marks.
- Drawing can be addressed through a wide range of media that include, but are not limited to, traditional drawing media, painting, printmaking, digital drawing, and combinations of media.
- Works incorporating digital or photographic processes must address drawing issues such as those listed above.

3-D Design Portfolio

- There's no preferred or unacceptable content or style.
- Address engagement with ideas, space, and materials, either physical or virtual.
- Use design elements and principles to support ideas in an integrative way.
- Demonstrate your understanding of design principles as they relate to depth and space, whether physical or virtual.
- Articulate principles of design (unity/variety, balance, emphasis, contrast, rhythm, repetition, proportion/scale, and occupied/unoccupied space) through the visual elements (mass, volume, color/light, form, plane, line, and texture).
- Explore 3-D Design through additive, subtractive, fabrication, and/or digital or virtual processes.
- Approaches include, but are not limited to: figurative or nonfigurative sculpture, architectural models, metal work, ceramics, three-dimensional fiber arts/fashion, jewelry and body adornment, and time-based media.
- Works incorporating digital processes must address 3-D Design issues listed above, especially engagement with space, whether physical or virtual.

3-D Design samples

Find links to samples of student work in the 3-D Design portfolio on AP Central® at apcentral.collegeboard.org/studio3D.

Section Overviews

Section I Selected Works (Quality)

Works that best represent your accomplishments (5 actual works, no larger than 18" x 24" for Drawing and 2-D Design; 10 digital images, consisting of 2 views each of 5 works for 3-D Design)

- Carefully select 5 works that show in-depth understanding of and engagement with 2-D Design, Drawing, or 3-D Design issues in their concept, composition, and execution.
- Works may come from your Sustained Investigation and/or your Range of Approaches section, but they don't have to.
- Selected Works may be related, unrelated, or a combination of related and unrelated works.

Guidelines for Submitting Digital Images for the 3-D Design Portfolio

Submit 2 digital images of 5 works, for a total of 10 images. The second image of each work should be taken from a different vantage point than the first view, or it can be a detail, if the detail informs the evaluator about a particular aspect of the work.

Guidelines for Submitting Actual Art for 2-D Design and Drawing Portfolios

Do	Do Not
<ul style="list-style-type: none">▪ mat or mount any works on paper, preferably on neutral colored matboard;▪ mount works smaller than 8" x 10" on backing at least 8" x 10" to ensure they aren't overlooked in the portfolio;▪ use fixative on works that may smudge;▪ cover any work that has a delicate surface with an overleaf fastened only to one edge so it can be lifted easily;▪ unstretch canvases and back them with matboard;▪ submit the required number of works;▪ remember the home address you provide in the Studio Art Digital Submission Web Application is the address to which your portfolio materials will be returned in late June or July. We cannot ship your work to a P.O. Box. <p>Note: although ETS makes every effort to avoid loss or damage to your materials when they are being evaluated or in transit, accidents do happen. ETS does not assume responsibility or liability in such cases.</p>	<ul style="list-style-type: none">▪ send work under glass, fragile work, or stretched canvases (they will be evaluated, but they are likely to be damaged in shipment);▪ send three-dimensional works (they won't be evaluated);▪ send works rolled or folded, and don't roll or fold works to make them fit in the portfolio (they won't be evaluated and your score for that section will be based on the work remaining in that section);▪ send books or journals (they will be opened to one page at random for evaluation);▪ send more than 5 works (extra works won't be evaluated);▪ send works that won't fit easily into the 18" x 24" portfolio envelope (they won't be evaluated, and your score for that section will be based on the work remaining in that section); or▪ place any information identifying you or your school on any of the materials in your portfolio, except where requested. Your AP coordinator or teacher will give you instructions on how to label your works. If you have already signed your work, however, don't risk damaging it to remove a signature.

Section II Sustained Investigation (Concentration)

A body of related works that demonstrate sustained and thoughtful investigation of a specific visual idea (12 images, some of which may show details, second views, or process documentation; “works” can include fully resolved images and forms as well as sketches, models, plans, and diagrams)

When working on your Sustained Investigation section, define your idea early in the year so the work you submit has the focus required for a sustained investigation.

Use the prompts below to write a concise description of your sustained investigation idea. As you create art, record an account of how your work is evolving. When you submit your portfolio, include the final version of your commentary. Your commentary is not scored, but it provides important information about your work to portfolio evaluators. Your responses don't have to use all the available characters. The information you provide should be specific and concise.

1. Clearly and simply state the central idea of your concentration. (500 character maximum)
2. Explain how the work in your concentration demonstrates your intent and the sustained investigation of your idea. You may refer to specific images as examples. (1,350 character maximum)

Also be sure to:

- present conceptually related works that show growth and discovery;
- understand that you're encouraged to include images that document processes of thinking and creating, as well as detail views, sequential storyboards, or film or performance stills;
- present images of your work in a sequence that best shows development of your sustained investigation;
- submit the required number of images (12, some of which may show second views or process); and
- submit images of DIFFERENT works of art than those you submitted for your Range of Approaches section. Submitting images of the same work for your Sustained Investigation and Range of Approaches sections may negatively affect your score.

Review image submission guidelines for Section II: Sustained Investigation (Concentration) of the 2-D Design, Drawing, and/or 3-D Design Portfolio at collegeboard.org/student/studioartdigital.

Section III Range of Approaches (Breadth)

A variety of works demonstrating a range of conceptual and/or technical approaches (12 images for 2-D Design and Drawing; 16 images, consisting of 2 views each of 8 works for 3-D Design; “works” can include fully resolved images and forms as well as sketches, models, plans, and diagrams)

When working on your Range of Approaches section:

- clearly show experimentation and a range of conceptual approaches to the work;
- demonstrate exploration, inventiveness, and the expressive manipulation of form, as well as knowledge of compositional organization;
- you may demonstrate a range of approaches in a single medium or in a variety of media. If you choose a single medium, images must show a range of approaches, techniques, compositions, and/or subjects;

- submit the required number of images (12 images of 12 works for 2-D Design or Drawing, 16 images of 8 separate works for 3-D Design); and
- submit images of DIFFERENT works of art than those you submitted for your Sustained Investigation section. Submitting images of the same work for your Sustained Investigation and Range of Approaches sections may negatively affect your score.

Review image submission guidelines for Section III: Range of Approaches (Breadth) of the 2-D Design, Drawing, and/or 3-D Design Portfolios at collegeboard.org/student/studioartdigital.

Plan Your Portfolio

Use these checklists to help complete and submit your portfolio on time.

Before January

- ☐ Identify ideas, materials, and processes you want to explore and investigate. Research and experiment with concepts and techniques.
- ☐ Plan and create works of art for your portfolio.
- ☐ View, discuss, and critique sample portfolios on AP Central. Consider the questions here as you plan your portfolio:
collegeboard.org/thinkingaboutart.
- ☐ Become familiar with scoring guidelines:
collegeboard.org/studioart-scoreguide.
- ☐ Document your thinking, learning, and creative processes as you work. Share your work and ask for constructive feedback.
- ☐ Think about how your work for the Range of Approaches section can inform your Sustained Investigation section.
- ☐ Capture digital images of your artworks guided by the image recommendations and requirements outlined in this brochure and here: collegeboard.org/student/studioartdigital.
- ☐ Continually evaluate your work using the AP Studio Art Scoring Guidelines:
collegeboard.org/studioart-scoreguide.

January and February

- ☐ Log in to the Digital Submission Web Application as soon as your teacher — or AP coordinator, if you're home-schooled — provides access information. Check with your teacher or coordinator if you don't have this information by early February.
- ☐ Make sure to select the correct type of portfolio (2-D Design, 3-D Design, or Drawing). Selecting the correct portfolio type is very important, as it affects how the portfolio is scored.

- ☐ Begin uploading images as soon as possible after accessing the application, so you and your teacher can monitor the development of your portfolio. You can always add, delete, or rearrange images later.

March and April

- ☐ Confirm the deadline to submit your final digital portfolio to your teacher (or AP coordinator).
- ☐ **2-D Design or Drawing:** Confirm the date for assembly of the Selected Works (Quality) section with your teacher or AP coordinator.
- ☐ The AP coordinator should provide you with information from your AP Student Pack (your AP number and a list of college codes) sometime in April. You need this information before you can forward your digital portfolio to your teacher.
- ☐ Submit your finalized digital portfolio to your teacher or AP coordinator by the established deadline.
- ☐ After you forward your portfolio to your teacher or AP coordinator, sign back in to the web application occasionally to view your portfolio's status and to ensure that your coordinator forwards your portfolio to the AP Program by 8 p.m. ET on May 11, 2018. *Only coordinators can take this final step, and only portfolios that have a "Sent to AP" status at the time of this deadline will be received by the AP Program and scored.*

May

- ☐ Your teacher will forward your completed digital portfolio to the AP coordinator before May 11.
- ☐ Your AP coordinator will forward your digital portfolio to the AP Program, using the web application, by 8 p.m. ET on May 11.
- ☐ **2-D Design or Drawing:** On or before May 11, your teacher or coordinator will gather students for the assembly of the Selected Works (Quality) section (the physical portfolio component).
